EXPERIENCE

Lead Software Training Officer

CodeHauz

09/2018 - 12/2019 Eket, Akwa Ibom State

I led the Training and Mentorship unit of CodeHauz, which was focused on building and training the next generation of Programmers, Critical Thinkers and offer them standard Knowledge. My roles were broken into the following:

- Supervision of the Training & Mentorship Unit of the company.
- Acquiring and Evaluating Trainers, so that they offer quality knowledge of Stack.
- Coordination of In-House BootCamps for Trainee by building products
- Hosting Holiday Tech Camps for children between the age of 8-18 years.

Web Developer Trainee

CodeHauz

11/2017 - 08/2018 Eket, Akwa Ibom, Nigeria

I learnt programming stacks like HTML5, CSS3, Javascript, which i used in developing amazing products

- During this time i gained my first certificate, **Responsive Design Certificate** From Free Code Camp

EDUCATION

Environmental Technology

Federal University Of Technology, Owerri
(FUTO)

12/2011 - 12/2016

GPA

4.06 / 5.0

ACHIEVEMENTS

Responsive Design Certificate (Free Code Camp)

I got my first ever Certificate in my Programming Career. <https://bit.ly/2QriYkE>

Hosting Of HOLIDAY TECH CAMP 2019, CodeHauz

I led and hosted a program, trained 35 kids within the range of 8-18 years of age, introducing them to algorithm thinking with platforms like Scratch, Web Developments, Robotics

SKILLS

HTML

CSS

PostgreSQL

Tool / Technology

PROJECTS

CodeHauz BootCamp

11/2019 - 12/2019 Eket, Akwa Ibom State
<https://tue-sendit.netlify.com/>

This was a collaboration of 2 of my Trainees and myself in building a **Logistics** app called **SENDIT**. Here we utilized stacks like HTML, CSS, NodeJs, Javascript, Redis and MongoDB

Training Portal

07/2019 - Ongoing Location
<https://tue-training-portal.herokuapp.com/>

This is a project i did personally called the Training Portal, This portal will advertise the set of Training Categories a company has available.

- Visitors can Create an account
- Choose the category of training they need
- Make payment online and confirm account registration
- Admin can view users
- Manipulate Form creation details for users.
